## READY TO MOVE

Spain Will Send Soldiers to the East.

## EXPEDITION STARTS AT ONCE

Ten Thousand Soldiers Are Being Embarked at Barcelona Today—The Tenth Pennsylvania Took Dinner Today in an Illinois Town, and the Men and Horses Were Given an Hour for Exercise.

NEW YORK, May 20.—[Special.]—The news reached here from Barcelona this morning that Spain was at last carrying out the plans for an expedition to the Philippines.

Today at that port between 8,000 and 10,000 picked soldiers were embarked on vessels, and the announcement made that they were bound for the Philippines. The town is wild with excitement, and great crowds fill the streets.

## RESTING THE MEN.

The Tenth Pennsylvania Stopped for Dinner in an Illinois Town.

MENDOTA, ILL., May 20.—[Special]—Both battalions of the Tenth Pennsylvania arrived here today at noon, and are resting for an hour in order that men and horses may have the exercise they need so much.

At present a number of squads of recruits are being drilled in front of the station, much to the delight of hundreds of people who have gathered here to see the soldiers.

We passed through Chicago this morning at 5:30 o'clock. The trip from Pittsburgh across Ohio was a continuous ovation. The loyal women cannot do enough for us everywhere the trains stop. Strict orders have been issued that ladies shall be treated with all respect and courtesy. Colonel Hawkins will stand no nonsense in this particular. All well.

HARRY PALMER.

Captain Palmer has been appointed special correspondent to the Pittsburgh Chronicle Telegraph during his stay in the Philippine Islands. The News Review will also publish entertaining letters from its manager.—Ed.]

## MORE SOLDIERS HAVE LEFT MT. GRETNNA.

Three Regiments and Three Troops of Cavalry Remain—Governor Saw Troops at Harrisburg.

MT. GRETNNA, Pa., May 20.—Three regiments and the First battalion of the Second regiment bade farewell yesterday to Camp Hastings. The first to move was the Thirteenth regiment, Colonel Courson, which began packing canvas early and boarded the cars for Falls Church, Va., before noon.

The Twelfth, Colonel Coryell, moved late in the afternoon for the same place. The First battalion of the Second regiment, under Colonel Porter, left about noon for Wilmington, Del., where the powder works there will be guarded. The last to get off was the Sixth regiment, Colonel Schall. It was about 7 o'clock last night when this command left for Falls Church. The remaining regiments now are the Fourteenth, Fifteenth and Eighteenth and the three troops of cavalry.

HARRISBURG, May 20.—The Thirteenth regiment of Pennsylvania volunteers, composed of companies in and about Scranton, passed through here shortly before noon yesterday enroute to Washington. Governor Hastings was at the station and shook hands with the departing soldiers.

## SIX MEN PERISHED.

They Were Crossing the Allegheny River When Their Boat Was Capsized.

PITTSBURG, May 20.—While ten men were crossing the Allegheny river to a boardinghouse at Logan's Ferry, Edwin Oamin became alarmed, jumped out and capsized the boat.

The men were employed on the government dam being built near Springdale. The names of the drowned men are:

William Anderson, Flick postoffice.

John Quinn, Glade Mills, Pa.

John Hirsh, Sixteenth street and Penn avenue, Pittsburgh.

Frank Stepp, Cooperstown, Pa.

B. N. Neal, McVille, Armstrong county, Pa.

Edwin Oamin, Troy Hill, Allegheny.

The rest were rescued.

## LEBELS GETTING NEAR SANTIAGO DE CUBA.

The Governor There Said One Acclimated Spaniard Was Equal to Three Invading Americans.

KINGSTON, May 20.—Refugees who arrived here from Santiago de Cuba on board the steamer Adula say the insurgent district commanders in Eastern Cuba are moving nearer and nearer to Santiago de Cuba. It appears that Brigadier General Mindez, by order of General Calixto Garcia, has brought insurgent forces from the extreme east to the neighborhood of Caimanero on the south coast, and Brigadier General Castillo of the insurgent army has shifted his command to within 25 miles of Santiago de Cuba.

Small insurgent bands engage in nightly raids past the outlying garrisoned towns, to within six miles of the city of Santiago de Cuba. They retire without pursuit after their forays. The concerted design is to cut off the meat, vegetable and fruit supply of the city and produce the effects of a siege.

In the meantime the prices of provisions at Santiago are even less than they were three weeks ago, during the first panic following the outbreak of hostilities between Spain and the United States and the expectation of being blockaded. Small cargoes of flour, groceries and canned goods have been received by schooners from Jamaica and Haiti and the markets of Santiago de Cuba are full of fish.

Senor Enrique Capriles, governor of Santiago de Cuba, in an interview printed in La Bandera Espanola of May 18 is quoted as saying:

"Spain has 300,000 regular troops and volunteers in Cuba and we fight on our soil. Therefore, one of us is equal to two invaders—yes, to three invaders."

"We hear America purposes to assail us with 100,000 men. Some reports say 150,000 men and raw levies. We invite four times that number to enrich our fields with their carcasses. The greater the number the greater the glory. Let us keep our hearts elevated by patriotism and thoughts of our wrongs. Our flag has been called the 'golden and bloody flag of Spain.' In our hands may it indeed win that name."

## ELUSIVE SPANISH FLEET.

Declared by the Spaniards to Have Reached Santiago De Cuba Without Accident.

MADRID, via Paris, May 20.—The Spanish squadron has arrived at Santiago de Cuba without accident.

MADRID, May 20.—It is rumored in Madrid that the Spanish Cape Verde squadron, commanded by Admiral Cervera, has arrived off Havana.

MADRID, May 20.—In spite of the veto placed upon the publication of Spanish naval movements the newspapers here have been allowed to announce that Admiral Comares' squadron, consisting of the battleship Pelayo, the first class armored cruiser Carlos V, the auxiliary cruisers Patriota and Rapido, formerly the Hamburg-American line steamers Columbia and Normania, the cruiser Alfonso XIII, the cruiser Antonio Lopez, three torpedo boat destroyers and the armed yacht Giralda, will shortly sail from Cadiz, while the reserve squadron, consisting of the Vittoria, Numancia, Lopanta and another vessel, will be organized immediately.

KEY WEST, May 20.—There was a rumor circulating about town that the Spanish squadron stole unmolested into Havana Wednesday night. It originated in a manner peculiar to Key West stories and not a shadow of confirmation of the report could be obtained here.

## REGULARS FOR MANILA.

Orders Will Be Issued For Them to Go With the Volunteer Troops.

WASHINGTON, May 20.—The regular troops which are to accompany the expedition to the Philippines were determined upon at the war department and orders for them to proceed promptly to the coast will be issued. These, with the volunteers from California, Colorado, Kansas, Minnesota, Montana, Nebraska, Oregon, Pennsylvania, Utah, Wyoming, North and South Dakota and Idaho, will make up the sum total from which are to be taken the troops who are to be sent to reinforce Admiral Dewey and enable him to take and hold the city of Manila. The public admission that the occupation of the islands is intended was made known in an order of the department detailing several officers for duty in that connection.

The quartermaster's department reports that the four ships which have been chartered for the transpacific trip should be ready to sail inside of ten days at the most. The City of Peking, which will get off first, is almost ready. The commissary's department was advised that supplies for 13,000 men were to reach San Francisco from Chicago. They calculated on a basis of three months at a rate of a ration a day for each man.

## Three Hundred Spanish Reported Killed.

KEY WEST, May 20.—The Spanish loss during the recent engagement at Cienfuegos is declared to have been 300 Spaniards killed and several hundred wounded.

## EIGHTH IS ALL RIGHT

The Boys Arrived In Their Virginia Camp.

## PITCHED TENTS IN A HURRY

Showing Some of the Other Fellows There That They Were by No Means Green Men—Everybody Well and Preparing For a Stay.

WASHINGTON, May 19.—The Eighth Ohio Volunteer infantry is in camp at Falls Church, Va., eight miles from Washington. It arrived at Dunn Loring, Va., five miles from the capital, in three sections, respectively at 3, 4 and 5 o'clock this afternoon.

When the entire regiment, 900 strong, got together, preparatory to proceeding to Falls Church, Colonel C. V. Hard, the commanding officer, notified Adjutant General Corbin, United States army, of its arrival, and immediately afterward the Buckeye soldiers started on a march to the camping grounds. They were greeted with cheers at the station and won plaudits along the route. On their arrival at Falls Church they found a part of the District of Columbia and Pennsylvania troops encamped there, and an opportunity offered itself to the Ohio boys to show the character of their training and discipline. Dark rain clouds gathered in the heavens, and it looked as though a storm was imminent, which, indeed, it was. The Eighth immediately unloaded their equipage and in 20 minutes every tent was pitched, to the great surprise and admiration of the other troops and the visiting crowds. Simultaneously with the staking of the tents, supper was prepared, and when the boys were ready to turn in to escape the storm the evening meal was announced.

The members of the Eighth are in fine spirits, and are ready to go to the scene of action at any time. It is understood that they will soon have the opportunity for the war department intends to forward them to the South very quickly, though the point has not yet been determined upon. The tents of the regiment are pitched in sight of an old and historical Episcopal church. The edifice was built in Revolutionary times and was used during the civil war as headquarters by army officers.

The Eighth is in excellent shape for active service, so far as the equipment is concerned. Every man, with but few exceptions, is properly armed and clothed, and is provided with forty rounds of ammunition. The camp of the regiment is pitched on grassy, rolling healthy grounds, and is convenient to a creek supplied by mountain springs.

## THE MISSION OF WAR.

Prof. O. S. Reed's Ideas of the Conflict.

In his sermon last Sunday morning Professor Reed said that Christians had been playing at Christianity for many, many years. They had put forth some effort at teaching far off nations in heathen darkness the principles of Christianity. Had sustained missionaries at various points who had accomplished a little of course, but had grown tired of these feeble efforts and now proposed to effect through the agency of war what professors of religion had failed to accomplish.

For centuries the Philippine islands and Cuba, the queen of the Antilles, had been held back by a government whose sole ambition was to extort of her subjects a revenue sufficient to maintain her nationality; a nation that was utterly indifferent to the social, intellectual and spiritual advancement of her dependencies and that now God meant an end of such policy by lifting those people from their darkness and giving them the protectorate of a nation that will encourage education, develop resources, cultivate morality and spirituality.

He predicted a marvellous change in the Philippines and Cuba within the next decade and the accomplishment of more missionary work through the agency of war than could be accomplished by the conservative, peaceful means employed by Christian forces in centuries. He sees God's hand in all national life; declares Spain to have been weighed in the balance and found wanting.

"God moves in a mysterious way. His wonders to perform," and raiseth up and deposeth whomever He pleaseth.

The twentieth century will witness real effort on the part of Christians, in the light of which all effort thus far put forth will be recognized as play.

The kingdoms of the world are to become the kingdoms of the Lord Jesus Christ, and God is using war to conquer a lasting peace.

The speaker firmly believes that the United States is, under God, to revolutionize the world's history in the interests of Christ's kingdom, and, further, that these facts are sustained by the sure word of prophecy.

May the United States forge ahead to her heaven-directed destiny.

## A WAR IN EUROPE.

Spain Anticipates the Possibility of Securing Allies.

PARIS, May 20.—Senor Leon y Castillo, Spanish ambassador to France, who has been tendered the foreign office portfolio, has replied to Senor Sa-gasta, declining to accept.

LONDON, May 20.—The Paris correspondent of The Times says Castillo has wired Sagasta he thinks he can be of more service in Paris, as Spanish statesmen anticipate "the possibility of a universal conflagration, wherein Spain would find efficient allies. Their eyes naturally turn towards France and Russia."

## NEW WATER PLUG.

Railroad Company Will Cheerfully Do as the Trustees Say.

The Cleveland and Pittsburg company this morning commenced the work of building a new water tank or stand pipe at a point on the main line several feet east of the bridge. There are four men at work, and they will have the job completed within 10 days. Water will be taken from the four-inch main in College street, and the company in a letter to the water trustees states that all the rules of the water works will be complied with. When the new pipe is ready for use the water plug at the foot of Broadway will be taken out.

## SHAKING.

How Small Boys Amuse Themselves on Rainy Days.

The boys at the foot of Washington street have enjoyed a great deal of sport in the last few days.

The street railway feed wire runs through a tree, and the insulation has worn off. On rainy days the entire tree is charged. The small boys have several wires attached to the tree, and pedestrians are asked to touch them and the unsuspecting individual who complies with the request receives a severe shock.

## AN IMPORTANT QUESTION.

Will Be Discussed by the Grand Army Tonight.

General Lyon post will this evening discuss the question of whether veterans of the American-Spanish war will be eligible to membership in the order after the war is over. It is expected that a large number of the members will be present, and the subject will be discussed in every phase and some definite action taken. It is a question that will require some deliberation, and an enthusiastic meeting is expected.

## LIQUOR DEALERS.

Were Given the Usual Salty Doses by Judge Smith.

LISBON, May 20.—[Special]—Thomas Baker, of New Waterford, plead guilty to selling liquor to an habitual on two counts, and was fined \$30 and costs on each count, and to stand committed until paid.

The case of Ohio versus John Wagner, for selling liquor to an habitual, was tried this morning, and will go to the jury when court convenes.

## The Markets.

CHICAGO, May 20.—[Special]—There was nothing but quietness upon the floor today. The markets were as follows: May wheat opened at \$1.40, closed at \$1.45. July opened at \$1.07½ to \$1.06½, highest \$1.09, lowest \$1.05½, closed \$1.08½. September opened at 89½, lowest 88½, closed at 89½.

## Memorial Day at Clarkson.

The Clarkson people are making extensive preparations for the observance of Memorial day, and the addresses will be delivered by Attorney W. K. Gaston, Rev. W. F. McKee and Squire J. N. Rose.

## GRIM'S FIRST BIG RAID

He Entered Charley Hutchinson's Saloon

## AND GOT ELEVEN PERSONS

There Was Consternation When He Appeared. But He Quietly Took Their Names, Gathered in the Forfeits and Told Them to Appear—Mrs. Stanway Paid.

Officer Grim last night surprised a drinking party in the saloon of Charley Hutchinson in the Midway, and Mayor Bough has been settling cases all day.

The officer was walking along the alley at 11:45 o'clock when he heard loud talking in the saloon. He at once entered the restaurant, and walking to the bar found a number of persons there. Several rushed by him when they saw his brass buttons shining through the dim light, and ran to the second story. The officer followed, and when he reached the head of the stairs looked in on a scene of revelry.

The place was filled to overflowing with a party of men and women who were enjoying themselves in spite of the hour. Officer Grim announced that they were all under arrest, and he would take their names at once. The party registered as follows:

Charles Knott, John Rothschild, John Johnson, Joseph Connors, James Caton, George Adams, Mary Jones, May Williams, Miss May, David McIntosh, Charles Hutchinson. Hutchinson put up the forfeits demanded for the women, and all were ordered to call on Mayor Bough.

They began coming early, and at noon six had each been fined \$9.60, while Hutchinson got \$25 and costs for keeping his place open.

Mrs. Betsey Stanway, who keeps a saloon in Second street, was fined \$25 and costs for keeping open after hours. The violation was discovered by Officer Whan, who promptly reported it, and Mrs. Stanway called and paid.

James Feehan, who was arrested recently for creating some trouble in a Market street boarding house Wednesday, was released this afternoon. He was fined \$9.60, which amount was paid by friends. He was given a lecture before he left the mayor's office and promised never to come back again.

John Adams was arrested by Chief Johnson this morning for being drunk and acting disorderly in Second street last night. He pleaded guilty and was fined \$6.60, which he paid.

The jail is now vacant, and there is much guessing going on as to who will be the next city janitor.

## CAMP BUSHNELL

## IS NO MORE.

The Last of the Troops Left for Washington—Beautiful Silk Standard Presented.

COLUMBUS, May 20.—Camp Bushnell is no more. Yesterday it gave up the ghost officially. The big flag on the tallest flagstaff was run down, the headquarters were dismantled, General Axline mounted his horse and rode away and the camp was ended. It is now a scene of desolation.

As the big flag fluttered down from the staff in the circle and the brass cannon at the commissary delivered its parting salute, the Ninth battalion swung out of its quarters and started for the front.

The presentation of a beautiful silk standard in front of the state capitol as the troops were leaving the city will go down as one of the events of the city.

The place was filled to overflowing with a party of men and women who were enjoying themselves in spite of the hour. Officer Grim announced that they were all under arrest, and he would take their names at once. The party registered as follows:

Charles Knott, John Rothschild, John Johnson, Joseph Connors, James Caton, George Adams, Mary Jones, May Williams, Miss May, David McIntosh, Charles Hutchinson. Hutchinson put up the forfeits demanded for the women, and all were ordered to call on Mayor Bough.

They began coming early, and at noon six had each been fined \$9.60, while Hutchinson got \$25 and costs for keeping his place open.

Mrs. Betsey Stanway, who keeps a saloon in Second street, was fined \$25 and costs for keeping open after hours. The violation was discovered by Officer Whan, who promptly reported it, and Mrs. Stanway called and paid.

James Feehan, who was arrested recently for creating some trouble in a Market street boarding house Wednesday, was released this afternoon. He was fined \$9.60, which amount was paid by friends. He was given a lecture before he left the mayor's office and promised never to come back again.

John Adams was arrested by Chief Johnson this morning for being drunk and acting disorderly in Second street last night. He pleaded guilty and was fined \$6.60, which he paid.

The jail is now vacant, and there is much guessing going on as to who will be the next city janitor.

## CAMP BUSHNELL

## IS NO MORE.

The Last of the Troops Left for Washington—Beautiful Silk Standard Presented.

COLUMBUS, May 20.—Camp Bushnell is no more. Yesterday it gave up the ghost officially. The big flag on the tallest flagstaff was run down, the headquarters were dismantled, General Axline mounted his horse and rode away and the camp was ended. It is now a scene of desolation.

As the big flag fluttered down from the staff in the circle and the brass cannon at the commissary delivered its parting salute, the Ninth battalion swung out of its quarters and started for the front.

The presentation of a beautiful silk standard in front of the state capitol as the troops were leaving the city will go down as one of the events of the city.

The presentation was made by Major James Tyler in a well defined speech. Major Young drew his command up in column in front of the reviewing stand and with bared head received the emblem.

As the ceremonies were concluded, Major Young wheeled his horse and, facing the multitude about, arose in his saddle like a giant, and with a voice that trembled with emotion said:

"Men, the flag of our country; not the black man's flag, not the flag

## LAST DAY OF THE TERM

Hundreds of Children Were  
Made Free.

A FEW WERE NOT PROMOTED

But the proportion is very small--The  
School Year Ended with a short cere-  
mony in every room in the city this  
morning--Commencement Tonight.

The public schools closed today, and  
before 10 o'clock this morning hundreds  
of youngsters who had been working  
with more or less earnestness during the  
school year, knew they were free and  
for three short months their time was  
their own.

The examinations proceeded during  
the week under the system inaugurated  
by Professor Rayman, and yesterday the  
work was wound up. Meantime papers  
had been graded and cards made out,  
and all was ready this morning for pro-  
motion.

The children gathered in their accus-  
tomed places, and promptly at 9:15  
o'clock the gongs in every school build-  
ing in town sounded. Then the process  
of promotion began. Every student  
who had passed the required examina-  
tion was placed in line, and marched to  
the room he will occupy next year. The  
movement was general throughout the  
city, and there was no confusion. The  
ceremony was over in short time, and  
school was dismissed, every student  
knowing just where he is expected to be  
next September when the gong sounds.

Commencement exercises will be held  
in the Grand Opera House this evening,  
an elaborate program having been pre-  
pared. All the seats have been taken,  
and the place will be filled with the  
many people in the city who are inter-  
ested in the public schools.

Superintendent Rayman and his  
splendid corps of teachers have  
today brought an unusually  
successful school year to a  
close. The work done has been highly  
satisfactory, and excellent progress has  
been made in every department. There  
is no denying that the standard of East  
Liverpool's public schools is being raised  
higher each year.

### ON SECOND STREET

Will the Western Union Soon Have an  
Office.

A railroad official, who was a pas-  
senger on the early Pittsburg train this  
morning, was seen by a reporter and  
asked if he knew what changes Mr.  
Newhall had in view when he visited  
this city Wednesday and took some  
notes about the Second street station.  
The gentlemen said:

"The company for some time have  
been considering the advisability of hav-  
ing the ticket office and telegraph office  
in different parts of the station. The  
business has been increasing so rapidly  
of late that such a change has been  
deemed necessary. The company is  
now considering the plan of erecting a  
frame building fronting on Second street  
and adjoining the property east of that  
of the railroad. All the wires will be  
run into this place and the portion of  
the ticket office now occupied by the  
telegraph force will be utilized by the  
railroad."

How soon this change will be made  
could not be learned, but it is thought it  
will be done before the end of summer.

## WILL HELP THE CITY

County Commissioners Want Better Roads.

### ALL FAVOR THE MOVEMENT

When the cost of improving the thoroughfares which lead from the center of town is estimated they will say to what extent they will aid.

The county commissioners will assist council in improving the principal thoroughfares leading out of the city.

Yesterday afternoon Commissioners French, Bowman and Bye, accompanied by Councilmen Peach and Stewart, went over the Lisbon and Calcutta roads to the corporate limits, and the proposed improvements were thoroughly discussed by the parties and the best methods of macadamizing the thoroughfares also received some attention.

At the close of the conference the commissioners agreed to assist in improving the roads, but did not make any definite proposition. They will pay whatever they feel able when an estimate of the cost is presented to them. They also went over Pennsylvania avenue, and the commissioners agreed to furnish the stone crusher and men to operate it while the eastern end of the road is being improved.

This will mean a great saving to the city, and is largely due to the efforts of council, who have spent much time in interesting the commissioners in the improvements.

The commissioners, in company with Manager Hoefgen, visited the West End bridge to see about raising it two feet. The railway company agreed to pay a portion of the cost, and, while the commissioners made no proposition, it is thought they will assist in raising the bridge to the grade.

### Children's Suits Damaged.

The thieves who broke into Steinfield & Viney tramped over a goodly number of children's suits, damaging them to the extent of slightly soiled goods. This is our loss and your gain, as they will be placed on sale at your own price, and it will pay you to buy them. \*

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Label at the head of their columns.

REMEMBER THE MAINE.

THE Pittsburg Chronicle Telegraph knows whereof it speaks when it says: "Color Bearer Harry Palmer, of the Tenth, is an old Chronicle boy, and he knows how to fight."

SINCE it is decided that we must fight this war alone, and there are few Cubans soldiers on the island to lend their aid, the wisdom of President McKinley's course is apparent.

THE Eighth regiment will ever have a kindly feeling for Columbus. The people of that town gave them a farewell they will not forget should they visit a hundred enthusiastic cities.

PRESIDENT MCKINLEY seems to know that Admiral Sampson and Commodore Schley, who are at the scene of action and know the demands of the moment, are better able to cope with the enemy than is a board of strategy about 1,500 miles away. Red tape is not a good thing to use in time of war.

THE Prohibitionists deserve credit for deciding at their state convention to refuse to stand by other minor parties. They have an object in view, and that object can never be obtained by running after the false gods raised by the fellows who cannot obtain office in the parties of standard political belief.

THE burglary last night is perhaps the first that will awaken this city if Mayor Bough and council do not soon arrive at some conclusion respecting police appointments. The force now on duty is inadequate. Even though they were all trained officers they could not protect the city. It is impossible for three men to do well what four men did indifferently.

By their system of organized robbery the Spaniards have reduced the Philippine islands to a condition where the need of a strong government is apparent. General Merrit will provide that government. Upheld by a strong fighting force he can have things all his own way, and he is not the man to fail for want of force of character. If the expedition to relieve Admiral Dewey is successful the Philippines will soon have an honest, stable administration of public affairs.

MUCH of the matter read by the people these days, under the impression that it is war news, is fake pure and simple, but enough of it is true to show that all officers and men of the army and officers and men of the navy are anxious to square accounts with Spain. There is no hesitation. No one in the uniform has been heard to utter a word not in accord with the general plan. All seem willing and ready to do their part in giving Spain the thrashing she so richly deserves.

REPUBLICAN AGAIN.

The Republican committee have met in Columbus, and have decided to hold the state convention in that city beginning June 21. Hon. M. A. Hanna will be temporary chairman and John D. Malloy will be secretary.

It is probable the convention will be largely attended, and the party representatives will construct a platform calculated to meet the approval of the people. With that on which to stand and the right men on the ticket there is no reason why Ohio should not endorse the administration with an old time majority.

### THEY NEEDED CLOTHES

So They Stole a Quantity From Steinfield & Viney.

#### ENTERED BY A BACK WINDOW

Thieves Made a Good Haul This Morning, but Members of the Firm Are Unable to Tell the Exact Amount Taken—Some Goods Recovered.

Thieves last evening entered the store of Steinfield & Viney and succeeded in making away with a great many goods.

The theft was discovered by Fritz Nagel, who saw clothes lying in his back yard. He at once called Mr. Viney, and together they went to the store where it was found that the putty had been taken from a back window, and the glass pushed in, while the stock in the store had been overhauled.

Standing on a shelf was a partially filled whiskey bottle, while in the rear of the store were several beer bottles and a bundle of clothing, which the thieves had left behind.

The men carried the clothing to the alley by the residence of Col. J. N. Taylor and necessarily had to climb four fences, and scattered in the lots was found at least \$400 worth of clothing which is damaged.

The firm are unable to tell just how much their loss will be as they cannot tell without an investigation how much has been taken, but know all their spring overcoats are missing, several suits of clothes and a large number of overalls.

The thieves were evidently green hands at the business, as they did not make any selection of goods, but seemed to have thrown them out promiscuously.

A lady who resides in the neighborhood heard talking about 2 o'clock, but did not think anything about it, and it is thought that is the time the robbery occurred.

Chief Johnson started at once on the case and in a remarkably short time succeeded in locating a portion of the stolen goods on shanty boat. Accompanied by J. H. Burgess and George Viney he went to the boat and opening the door walked in. The boat was occupied by two men, and as soon as they caught sight of the officers one of them ran out the back door and started down the railroad track, closely pursued by Mr. Burgess, but he was not overtaken, and escaped. The other man was not implicated in the burglary.

Of the stolen goods six overcoats, several pairs of trousers and a portion of several suits were found in the boat and were identified by Mr. Viney. It is thought the police will be able to locate all the thieves, and will have them under arrest in a short time.

#### MORE MEN

#### Will Be Able to Keep the Streets All Clean.

A prominent member of the street force and one who knows whereof he speaks, says the force should be increased at least eight men, in order to do justice to the city. He says that with this force the paved streets could be kept clean at all times and the force would be large enough to allow a gang of men to do the work in the suburban districts.

A big bargain for some choice goods which were stolen from Steinfield & Viney's store. These goods were found by our city officers and returned to us. Your own price takes them.

A Bible is now in the possession of the Forty-sixth regiment of Massachusetts, upon which Washington once took an oath of Masonry.

### THEY NEEDED CLOTHES

So They Stole a Quantity From Steinfield & Viney.

#### ENTERED BY A BACK WINDOW

Thieves Made a Good Haul This Morning, but Members of the Firm Are Unable to Tell the Exact Amount Taken—Some Goods Recovered.

Thieves last evening entered the store of Steinfield & Viney and succeeded in making away with a great many goods.

The theft was discovered by Fritz Nagel, who saw clothes lying in his back yard. He at once called Mr. Viney, and together they went to the store where it was found that the putty had been taken from a back window, and the glass pushed in, while the stock in the store had been overhauled.

Standing on a shelf was a partially filled whiskey bottle, while in the rear of the store were several beer bottles and a bundle of clothing, which the thieves had left behind.

The men carried the clothing to the alley by the residence of Col. J. N. Taylor and necessarily had to climb four fences, and scattered in the lots was found at least \$400 worth of clothing which is damaged.

The firm are unable to tell just how much their loss will be as they cannot tell without an investigation how much has been taken, but know all their spring overcoats are missing, several suits of clothes and a large number of overalls.

The thieves were evidently green hands at the business, as they did not make any selection of goods, but seemed to have thrown them out promiscuously.

A lady who resides in the neighborhood heard talking about 2 o'clock, but did not think anything about it, and it is thought that is the time the robbery occurred.

Chief Johnson started at once on the case and in a remarkably short time succeeded in locating a portion of the stolen goods on a shanty boat. Accompanied by J. H. Burgess and George Viney he went to the boat and opening the door walked in. The boat was occupied by two men, and as soon as they caught sight of the officers one of them ran out the back door and started down the railroad track, closely pursued by Mr. Burgess, but he was not overtaken, and escaped. The other man was not implicated in the burglary.

Of the stolen goods six overcoats, several pairs of trousers and a portion of several suits were found in the boat and were identified by Mr. Viney. It is thought the police will be able to locate all the thieves, and will have them under arrest in a short time.

#### MORE MEN

#### Will Be Able to Keep the Streets All Clean.

A prominent member of the street force and one who knows whereof he speaks, says the force should be increased at least eight men, in order to do justice to the city. He says that with this force the paved streets could be kept clean at all times and the force would be large enough to allow a gang of men to do the work in the suburban districts.

A big bargain for some choice goods which were stolen from Steinfield & Viney's store. These goods were found by our city officers and returned to us. Your own price takes them.

A Bible is now in the possession of the Forty-sixth regiment of Massachusetts, upon which Washington once took an oath of Masonry.

## APPEAL TO CONGRESS

Ira Marlatt Is Working on a New Plan.

HE HAS PREPARED A BILL

Which He Believes Will Be Introduced by Senator Foraker Asking For His Release and Appropriating Money to Gain That End—He Is Docile and Shows No Sign of Rebellion.

Ira Marlatt, Columbiana county's famous prisoner at the Columbus penitentiary, is making another effort to gain his freedom.

It will be remembered that last winter he prepared a bill and endeavored to have it introduced into the legislature. It provided for his pardon. At one time he was anxious to have an indemnity for false imprisonment tacked on, but that point was eventually waived.

After the plan failed and Marlatt found he could gain nothing in that direction he turned his attention to congress. He prepared a measure providing for the appropriation of \$7000, the money to be used by him in securing his liberty. He sent the bill to Senator Foraker, appealing to that gentleman to introduce and champion it. It is needless to say Marlatt will never hear anything more of the measure.

Marlatt has been behaving himself exceptionally well during the past few months, and has done nothing to incur the displeasure of the guards. He fills the duties of his position without giving anyone cause for complaint, and is as gentle as a child. He is closely watched, however, and is never allowed where he can do much mischief.

THE COMPANY WON.

Messengers Must Send Their Baskets by Express.

When the Cleveland and Pittsburg company decided to allow the members of the Pittsburg Messenger association to purchase monthly tickets there was something back of it that benefited the express companies.

The messengers of Liverpool, when they went up in the morning, had several satchels and telescopes. It was these the company objected to, and now all the orders the messengers fill are sent to Liverpool by express, arriving on the same train with the messengers. There were no special rates granted, but the messengers have procured large baskets and these are filled every trip.

Fine Suits Stolen.

Steinfield & Viney, through the assistance of our city marshal, recovered a lot of spring suits and overcoats, which they place on sale at a price, in fact your own price. These goods are slightly damaged by rain only.

# THE NEWS OF WELLSVILLE.

## THE OFFICER GUILTY

So Said the Jury In the Cohagen Case.

## WAS OUT FOR SEVERAL HOURS

Before the Verdict Was Finally Reached. Details of the Case as Brought Out by the Evidence—Attorney Lones Fought a Hard Battle.

The trial of Officer Cohagen came to an end in Lisbon this morning when the jury decided that he was guilty of taking fees illegally while a member of the Wellsville police force. Attorney Lones made a hard fight for his client, but Prosecutor Brookes met him at every turn and won out.

Officer Cohagen said he had lived in Wellsville 13 years and during that time, so far as he knows, police officers have always received 60 cents on every arrest. He became an officer two years ago, and had always understood and was told by Joe Warren the pay was \$45 per month and 60 cents for each arrest. He believed that to be the case when Annie Smith was arrested. He thought the Liverpool officers received the same, and that he was entitled to the fee or he would not have taken it. He denied having any conversation with Constable Davis concerning the matter, and that he said he would take it and run the risk. He never asked Mayor Jones to charge up the 60 cents for him, but the mayor always did it without asking. He admits the conversation with Officer Morgan as to the legality of the fees, and after the conversation he consulted Mayor Jones, and in receiving the fees he acted on the mayor's advice.

John Duncan, Dick Marshall, J. W. Clark, Jos. Davidson, J. C. Catlett, Sheriff Gill, Deputy Sup-Supplee, Geo. B. Aten and O. C. St. Clair had been subpoenaed by the defendant to show what had for years been the custom regarding fees. Aten and Duncan were called, and asked what had been done while they were respectively mayor and policeman in Wellsville. Prosecutor Brookes objected to the question, and was sustained. As the same question would have to be put to the other witnesses, there being no doubt but that the evidence would be excluded, Attorney Lones did not call them.

Judge Smith gave as his reason for excluding the testimony, that if other officers had received illegal fees it would be no excuse for Cohagen; that Cohagen could only show what had been done to prove that he did not knowingly receive illegal fees. The prosecution admits that an ordinance was passed by the council of Wellsville in March, 1894, fixing the salary of police officers at \$45 a month and then as now nothing is stated as to any other fees or allowances.

J. W. Johnson was called and said he was present when Cohagen talked with Mayor Jones as to the legality of the fee.

The defense then rested and some testimony in rebuttal was given.

Joseph Warren said he never told Cohagen the policeman received the 60 cent fee. Officer Morgan said he told Cohagen that Attorney Boyd had said the fee was illegal. He admits that he did think at first that the statement was "one of Joe Warren's bluffs."

At 3:45 o'clock the testimony was all in, and Judge Smith allowed two hours for argument.

After the arguments Judge Smith only charged the jury as to what evidence would convict the accused. He said the state must show beyond any reasonable doubt that Cohagen knowingly, corruptly and extortiously received the illegal fees.

The jury went out at 8:15 o'clock, and were instructed to stay in the jury room until they arrived at a verdict. That was to be sealed and delivered in court at 7:30 this morning.

When court opened this morning the verdict was delivered and it was found to be against the accused. Sentence was not passed. The jury came in at 10 o'clock this morning. A motion may be made for a new trial.

### Receiving Contributions.

Julius Goetz has commenced to receive contributions for the Red Cross society whose work for the sick and wounded will doubtless be a feature of the war.

The object is worthy, and should receive the hearty support of all who believe in helping the suffering.

### GOOD WOMAN DEAD.

Mrs. Hannah Ewing Died After a Long Illness.

Mrs. Hannah Ewing, who resided at the corner of Commerce and Seventh streets, died last night at 10:30 o'clock. She had been ill since October with heart trouble and other complication, and had been a great sufferer.

She had been a member of the Presbyterian church for many years, and was a Christian woman and good mother.

Mrs. Ewing was born near Pittsburgh and came to Wellsville 45 years ago. Her husband, Thomas Ewing, died 21 years ago. Four remaining members of a large family mourn her loss. They are: Henry Ewing, of Yorkville; James Ewing, of Chicago; Charles Ewing, who is engineer at the water work, and the youngest daughter, Miss Mattie, who remains at home. Mrs. Robert Stevenson, who died about 12 years ago, was another daughter of Mrs. Ewing. At noon arrangements for the funeral have not been made.

### THAT VERDICT.

It Interests Citizens Who Have Held Office.

The verdict in the Cohagen case has interested a number of citizens and some of them are wondering if the matter will be pushed now that one conviction is secured.

If it is decided to indict other parties for the same offense there is little doubt that a number will be before the court within a short time. They are wondering when something will happen.

### A Party of Swedes.

A party of twelve Swedes on the depot platform yesterday afternoon attracted general attention. Their quaint peasant costumes and queer gutteral speech were novelties to the crowd assembled.

They boarded the train for Cleveland, being chaperoned by the news agent, who seemed to be able to understand their speech, and was able to make his meaning plain to them.

### Will Be Married.

Mr. William Holliday, of this city, and Miss Rena Stanford, formerly of Wellsville, will be married in Toronto May 30, and will come to Wellsville on the noon train. They will be the guests of Mr. and Mrs. George Williams for a few days, and will then go to house-keeping.

The young people are well known, and have the good wishes of many friends.

### Railroad Riders.

Two men were arrested Wednesday and taken before Squire Haney who looks after railroad business in the absence of Squire MacKenzie. They were fined \$1 and costs each, and arranged to pay.

Another illegal rider was taken by Detective Moore near the lower depot, and is still behind the bars. He will be heard this evening.

### The Line Is Open.

The force at work on the slide near Walker succeeded last night in clearing away a sufficient amount of earth to allow cars to pass, and now traffic goes on without interruption.

The convenience is appreciated by the large number of Wellsville people who are employed in Liverpool, and have a natural antipathy to transferring.

### Surprised the Teacher.

The six boys who make up Miss Roadman's class at the United Presbyterian Sunday school, surprised her last evening and spent a pleasant time.

The young men present were Hallie McDevitt, Kent Halloway, Chester Johnson, Samuel Myers, Glenn James, Dan Lowary.

### At the Shops.

Fireman Ray, who was unfortunate enough to cut his wrist badly while on duty about a week ago, is again able for work.

Another lot of the large class H4 engines have been consigned for the use of this division of the railroad. One is expected today.

### Returned Home.

Mrs. Ben Evans, of Salineville, who has been on a ten days' visit with her sister, Mrs. J. M. Kampman, returned to her home yesterday accompanied by Mrs. Kampman.

### Returned From Cincinnati.

A. R. Wells, Mrs. Wells and daughter, Beulah, returned from their trip to Cincinnati on the Virginia this morning.

## COUNCIL WENT HOME

After Finding Some Members Were In Lisbon.

### COULD NOT TRANSACT BUSINESS

Although It Was Important and Should Have Received Attention—Another Meeting Will Be Held Next Monday Evening.

A few days ago it was announced that council would meet for the purpose of transacting some important business, but the business has not yet been settled. Council will meet, however, next Monday evening, when it is hoped the matter will be attended to.

Council assembled last evening at 7:30 o'clock with President Michaels in the chair. Clerk Davidson was not present, being in Lisbon attending the Cohagen trial, and Mr. Goetz was appointed to fill his position. The roll call showed Messrs. Stevenson, Wells, Bowers, Goetz, Michaels, Johnson and Cooper present, but the absence of so many others made it impossible for council to do anything. As the matter must be attended to in the very near future council adjourned to meet next Monday evening.

The Junior Banquet.

The date for the banquet which the junior class of the high school will tender the graduates has been fixed at next Friday evening.

They have secured Elwood Bunting's banquet room, and covers will be laid for a large number of guests. It is the first of its kind, and will doubtless be most enjoyable.

### Will Graduate.

Miss Percy Conn, who is a member of the graduating class for this year, has so far recovered from her long illness as to be again able to appear on the streets. Her many friends rejoice that she will not be deprived of the pleasure of graduating with her class.

### Commencement Notes.

Preparations for commencement are going rapidly forward, and Wellsville is promised an exceptionally fine performance.

A number of Wellsville people will attend the commencement exercises in Liverpool tonight.

### Sheriff Porter In Town.

George C. Porter, sheriff of Jefferson county, passed through town today on his way to the northern part of the county on official business.

### Passed Through Town.

Miss Lizzie M. Horner, of Steubenville, passed through town today on her way to Hammondsburg to visit her aunt, Mrs. G. W. Maple.

### At Hollow Rock.

Charles Leonard is at Hollow Rock this week. He has the contract for plastering a fine new house in that vicinity.

### Finishing a House.

The framework of the new residence of E. E. Thayer, of Broadway, is now finished. The work is being rapidly pushed to completion.

### Personal.

Miss Mary Davidson went to Rochester, Pa., on the evening train yesterday. She expected to remain there a short time, and then go to Pittsburgh to visit among relatives for a number of weeks.

Miss Cenie Dearth, of Toronto, was in town yesterday. She returned home on the afternoon train.

Mrs. L. M. Potts, of Front street, was a Steubenville visitor yesterday. She returned on the evening train.

Mrs. Howard Aten went home to visit her father, George Brenneman, in West Virginia yesterday. She expects to return today.

## THE OFFICER GUILTY

So Said the Jury In the Co-hagen Case.

## WAS OUT FOR SEVERAL HOURS

Before the Verdict Was Finally Reached. Details of the Case as Brought Out by the Evidence—Attorney Lones Fought a Hard Battle.

The trial of Officer Cohagen came to an end in Lisbon this morning when the jury decided that he was guilty of taking fees illegally while a member of the Wellsville police force. Attorney Lones made a hard fight for his client, but Prosecutor Brookes met him at every turn and won out.

Officer Cohagen said he had lived in Wellsville 13 years and during that time, so far as he knows, police officers have always received 60 cents on every arrest. He became an officer two years ago, and had always understood and was told by Joe Warren the pay was \$45 per month and 60 cents for each arrest. He believed that to be the case when Annie Smith was arrested. He thought the Liverpool officers received the same, and that he was entitled to the fee or he would not have taken it. He denied having any conversation with Constable Davis concerning the matter, and that he said he would take it and run the risk. He never asked Mayor Jones to charge up the 60 cents for him, but the mayor always did it without asking. He admits the conversation with Officer Morgan as to the legality of the fees, and after the conversation he consulted Mayor Jones, and in receiving the fees he acted on the mayor's advice.

John Duncan, Dick Marshall, J. W. Clark, Jos. Davidson, J. C. Catlett, Sheriff Gill, Deputy Supplee, Geo. B. Aten and O. C. St. Clair had been subpoenaed by the defendant to show what had for years been the custom regarding fees. Aten and Duncan were called, and asked what had been done while they were respectively mayor and policeman in Wellsville. Prosecutor Brookes objected to the question, and was sustained. As the same question would have to be put to the other witnesses, there being no doubt but that the evidence would be excluded, Attorney Lones did not call them.

Judge Smith gave as his reason for excluding the testimony, that if other officers had received illegal fees it would be no excuse for Cohagen; that Cohagen could only show what had been done to prove that he did not knowingly receive illegal fees. The prosecution admits that an ordinance was passed by the council of Wellsville in March, 1894, fixing the salary of police officers at \$45 a month and then as now nothing is stated as to any other fees or allowances.

J. W. Johnson was called and said he was present when Cohagen talked with Mayor Jones as to the legality of the fee.

The defense then rested and some testimony in rebuttal was given.

Joseph Warren said he never told Cohagen the policeman received the 60 cent fee. Officer Morgan said he told Cohagen that Attorney Boyd had said the fee was illegal. He admits that he did think at first that the statement was "one of Joe Warren's bluffs."

At 3:45 o'clock the testimony was all in, and Judge Smith allowed two hours for argument.

After the arguments Judge Smith only charged the jury as to what evidence would convict the accused. He said the state must show beyond any reasonable doubt that Cohagen knowingly, corruptly and extortionately received the illegal fees.

The jury went out at 8:15 o'clock, and were instructed to stay in the jury room until they arrived at a verdict. That was to be sealed and delivered in court at 7:30 this morning.

When court opened this morning the verdict was delivered and it was found to be against the accused. Sentence was not passed. The jury came in at 10 o'clock this morning. A motion may be made for a new trial.

**Receiving Contributions.**  
Julius Goetz has commenced to receive contributions for the Red Cross society whose work for the sick and wounded will doubtless be a feature of the war.

The object is worthy, and should receive the hearty support of all who believe in helping the suffering.

## GOOD WOMAN DEAD.

Mrs. Hannah Ewing Died After a Long Illness.

Mrs. Hannah Ewing, who resided at the corner of Commerce and Seventh streets, died last night at 10:30 o'clock. She had been ill since October with heart trouble and other complication, and had been a great sufferer.

She had been a member of the Presbyterian church for many years, and was a Christian woman and good mother.

Mrs. Ewing was born near Pittsburgh and came to Wellsville 45 years ago. Her husband, Thomas Ewing, died 21 years ago. Four remaining members of a large family mourn her loss. They are: Henry Ewing, of Yorkville; James Ewing, of Chicago; Charles Ewing, who is engineer at the water work, and the youngest daughter, Miss Mattie, who remains at home. Mrs. Robert Stevenson, who died about 12 years ago, was another daughter of Mrs. Ewing. At noon arrangements for the funeral have not been made.

## THAT VERDICT.

It Interests Citizens Who Have Held Office.

The verdict in the Cohagen case has interested a number of citizens and some of them are wondering if the matter will be pushed now that one conviction is secured.

If it is decided to indict other parties for the same offense there is little doubt that a number will be before the court within a short time. They are wondering when something will happen.

## A Party of Swedes.

A party of twelve Swedes on the depot platform yesterday afternoon attracted general attention. Their quaint peasant costumes and queer gutteral speech were novelties to the crowd assembled.

They boarded the train for Cleveland, being chaperoned by the news agent, who seemed to be able to understand their speech, and was able to make his meaning plain to them.

## Will Be Married.

Mr. William Holliday, of this city, and Miss Rena Stanford, formerly of Wellsville, will be married in Toronto May 30, and will come to Wellsville on the noon train. They will be the guests of Mr. and Mrs. George Williams for a few days, and will then go to house-keeping.

The young people are well known, and have the good wishes of many friends.

## Railroad Riders.

Two men were arrested Wednesday and taken before Squire Haney who looks after railroad business in the absence of Squire MacKenzie. They were fined \$1 and costs each, and arranged to pay.

Another illegal rider was taken by Detective Moore near the lower depot, and is still behind the bars. He will be heard this evening.

## The Line Is Open.

The force at work on the slide near Walker succeeded last night in clearing away a sufficient amount of earth to allow cars to pass, and now traffic goes on without interruption.

The convenience is appreciated by the large number of Wellsville people who are employed in Liverpool, and have a natural antipathy to transferring.

## Surprised the Teacher.

The six boys who make up Miss Roadman's class at the United Presbyterian Sunday school, surprised her last evening and spent a pleasant time.

The young men present were Hallie McDevitt, Kent Halloway, Chester Johnson, Samuel Myers, Glenn James, Dan Lowary.

## At the Shops.

Fireman Ray, who was unfortunate enough to cut his wrist badly while on duty about a week ago, is again able for work.

Another lot of the large class H4 engines have been consigned for the use of this division of the railroad. One is expected today.

## Returned Home.

Mrs. Ben Evans, of Salineville, who has been on a ten days' visit with her sister, Mrs. J. M. Kampman, returned to her home yesterday accompanied by Mrs. Kampman.

## Returned From Cincinnati.

A. R. Wells, Mrs. Wells and daughter, Beulah, returned from their trip to Cincinnati on the Virginia this morning.

## COUNCIL WENT HOME

After Finding Some Members Were In Lisbon.

## COULD NOT TRANSACT BUSINESS

Although It Was Important and Should Have Received Attention—Another Meeting Will Be Held Next Monday Evening.

A few days ago it was announced that council would meet for the purpose of transacting some important business, but the business has not yet been settled. Council will meet, however, next Monday evening, when it is hoped the matter will be attended to.

Council assembled last evening at 7:30 o'clock with President Michaels in the chair. Clerk Davidson was not present, being in Lisbon attending the Cohagen trial, and Mr. Goetz was appointed to fill his position. The roll call showed Messrs. Stevenson, Wells, Bowers, Goetz, Michaels, Johnson and Cooper present, but the absence of so many others made it impossible for council to do anything. As the matter must be attended to in the very near future council adjourned to meet next Monday evening.

## The Junior Banquet.

The date for the banquet which the junior class of the high school will tender the graduates has been fixed at next Friday evening.

They have secured Elwood Bunting's banquet room, and covers will be laid for a large number of guests. It is the first of its kind, and will doubtless be most enjoyable.

## Will Graduate.

Miss Percy Conn, who is a member of the graduating class for this year, has so far recovered from her long illness as to be again able to appear on the streets. Her many friends rejoice that she will not be deprived of the pleasure of graduating with her class.

## Commencement Notes.

Preparations for commencement are going rapidly forward, and Wellsville is promised an exceptionally fine performance.

A number of Wellsville people will attend the commencement exercises in Liverpool tonight.

mitted to remain there for several days.

Miss Conklin, of Oblique street, who  
has been spending some time with

Corner loafing is almost a thing of the  
past, and the police have but little  
trouble in keeping the crowds on the  
move. If profanity in the streets could  
only be stopped the police would have  
the good will of all good citizens.

and erecting the trestle for the use  
of the East End Gas company, will be  
commenced.

There is a great deal of complaint  
from people because the majority of  
awnings in the city are hung so low.  
Many people cannot pass under them  
without striking their heads. It is  
proposed to ask council to have all awnings  
that are put up in the future hung  
so they will not interfere with pedes-  
trians.
